

Title: Service Authorization with Geosyntec Consultants, Inc. for Continuing Civil and Stormwater Engineering Services for the Orlando Country Club Drainwell Replacement Project, RQS25-0054-4 (PW)

Meeting Date: May 11, 2026

Section: Business and Financial Services

Contact: William Resto, David Billingsley

District: 3

Fiscal Impact: Fiscal Impact Statement Attached

Summary: On April 7, 2026, City Council approved a contract with Geosyntec Consultants, Inc. for Continuing Civil and Stormwater Engineering Services.

The Public Works Department and Procurement and Contracts Division are now requesting approval of a Service Authorization with Geosyntec Consultants, Inc. for design services to replace two malfunctioning aging drainwells requiring replacement. The City intends to replace the two large 14-inch wells with multiple smaller-diameter wells to maintain drainage capacity while reducing installation costs. The two drainwells are located between 1409 Magna Court and a City stormwater pond.

The City and Geosyntec Consultants, Inc. have negotiated a not-to-exceed amount of \$206,074.84 for this Service Authorization. Staff considers this fee proposal reasonable and appropriate for the scope of work to be performed.

Recommended Action: Approve the Service Authorization and authorize the Chief Procurement Officer to execute the Service Authorization with Geosyntec Consultants, Inc. as indicated in the not-to-exceed amount of \$206,074.84, subject to review and approval by the City Attorney's Office.
