Summary: MetroPlan Orlando is the regional transportation planning organization for the counties of Orange, Osceola, and Seminole. Its Board is responsible for implementing the transportation planning process in these counties. The City of Orlando has two (2) Primary Members of that Board and is proposing the addition of five (5) Alternate Members so that, in the event one or both of the named Primary Members are unable to attend a Board meeting, an Alternate Member shall be deemed a Primary Member's designee with the authority to attend Board meetings and act as a Primary Board Member at Board meetings in order to fulfill City representation at such meetings.

Recommended Action: Approve and authorize the City Council to appoint the aforementioned proposed Alternate Members as such until further notice, subject to review and approval by the City Attorney's Office.
